

# Kronološki pregled razvoja FGAG-a

## Chronological review of FCEAG

Fakultet je od svog osnutka prošao intenzivan razvoj. Od Odjela Građevinskog fakulteta Zagreb za prve dvije godine studija građevinarstva, tijekom 40 godina razvio se u Fakultet građevinarstva, arhitekture i geodezije sa 7 studijskih programa preddiplomskog, diplomskog i poslijediplomskog studija. Neki datumi su obilježili taj put, a navedeni su u ovom kratkom kronološkom pregledu.

Faculty has undergone intensive development since it was founded. From the Department of the Faculty of Civil Engineering in Zagreb for the first two years of civil engineering studies, over the course of 40 years it developed to the Faculty of Civil Engineering, Architecture and Geodesy with 7 study programs with undergraduate, graduate and postgraduate studies. Several dates marked that path and they are all stated in this brief chronological review.
