

Elsevier Workshop

→ Scientific publishing, open science and research performance.

28.6. 2019 | Split University Library

Programme:

11:00 – 11:15 Opening by a host institution representative and/or Elsevier

11:15 – 12:15 **Good practices in scholarly publishing** | 60 mins

Katarzyna Gaca-Zajac, PhD Eng.,
Customer Consultant for Central-Eastern Europe, Elsevier

During this session the attendees will learn about the foundations and the importance of academic publishing and maintaining its high quality through proper peer-review. Additionally, information on how to recognize good journals will be provided, along with information on the importance of publishing data. The training will be concluded by an overview of ethics in publishing, which ought to be respected by all authors, editors and reviewers.

12:15 – 13:00 **Focus on Open Science** | 45 mins

Katarzyna Gaca-Zajac, PhD Eng.,
Customer Consultant for Central-Eastern Europe, Elsevier

This session familiarizes the attendees with principles of Open Science: from its conception, through implementation and the impact it has on the progress of research. Various aspects of Open Science and initiatives driven by Elsevier will be discussed.

13:00 – 13:30 **Coffee break** ☕

13:30 – 14:15 **Research Nation Croatia – a hands-on workshop on international visibility of Croatian research** | 45 mins

Krzysztof Szymanski, PhD
Research Intelligence Officer, Elsevier

In this interactive workshop we set out to analyzing performance at the national level as well as the level of institutions.

Some of the key areas that we will explore are:

- Charting leading research institutions of Croatia and their nearest peers in the region
- Analyzing fields of science, scholarly output and impact of research
- Exploring International collaboration networks
- Finding topics of science in Croatia which are prominent in the global scene
- Measuring economic and social impact
